

## Building a Community Hub at Carnegie

We are pleased to have secured a licence to occupy the Carnegie Library building for 6 months to develop a Community Hub pending a longer lease moving towards local management of this important building.

Two **development workers** on a fixed term contract are busy engaging with the community, recruiting and offering training for volunteers. Contact Helen and Sophia at: [carnegiecio@gmail.com](mailto:carnegiecio@gmail.com)

We are seeking funding for future developments and for local grass-roots activity.

As planned, we are **hiring out rooms** in order to build the Community Hub and to raise income for the running costs of the building. The **Booking Form with Terms** is in the Project Documents section of our website: [carnegiehernehill.org.uk/project-documents/](http://carnegiehernehill.org.uk/project-documents/) (or please contact us if you require a paper copy).

The Trust will also run activities which fit within our three programmes:

- Education and Work
- Performance and Arts
- Community and Wellbeing

A first **art exhibition** is in the upper room, and a '**John Ruskin at 200**' exhibition is in the entrance lobby until November. We are developing plans for a **Café** in a social partnership and seeking planning permission to establish an **Enterprise Centre**. An open forum on knife crime and young adult violence has now met on three occasions and is very well attended. A **garden group** is getting moving.

**This is your Community Hub.** If you would like to get involved as a volunteer (at any level of commitment), to find out more or just to look around please contact [carnegiecio@gmail.com](mailto:carnegiecio@gmail.com) or:
